This bootcamp has been based on how real agencies offer their services. This helps you build your offering right from day 1 of the bootcamp.

Get a deep understanding of different digital marketing channels and how they work including search engines such as Google; social media platforms such as Facebook and Instagram; email marketing; and content marketing.

Understand what drives consumer behavior online and how to use specific tools such as the sales funnel and key techniques such as conversion optimization, SEO optimization and more to optimize and generate sales and leads.

Learn how to use industry-leading platforms Google Ads and Google Analytics to build and optimize digital marketing campaigns in preparation to do the Google certification tests.

Explore social media marketing on Facebook and Instagram and learn how to create ads on these platforms. Gain best practices for writing effective, creative copy for online ads, blogs and content marketing.

Engage in a real-world digital marketing project and complete a portfolio to show to potential clients. Learn more about how to: find clients, pitch for projects, assess marketing budgets, manage projects and create monthly
Create a stunning portfolio to suit brands and businesses.
Build data driven campaigns for clients who will see real results.

- Dive deeper into campaign set up, optimization, and reporting on different platforms such as Google Ads and Facebook & Instagram Ads.
- Learn more about digital marketing management tools and programs and how to them for campaign tracking, performance analysis, and campaign reporting.
- Put together a complete portfolio of client case studies to show that you can clearly identify a client’s needs; present different solutions and strategies; and implement solutions with proven results.
Our instructors are industry experts who have a wide range of professional experience, and up-to-date knowledge of software and workplace practices.

Turn theory into knowledge as you learn how to run a digital marketing freelance business. Our aim is to support your learning goals with hands-on industry training, career advice, and ongoing support and guidance.

Our classes are intentionally designed to be interactive and practical, so that you feel confident to share ideas as well as independently create your own designs.

You will receive additional resources such as class projects, worksheets, and online help, so you always feel supported and encouraged as you learn.

Our courses are constantly reevaluated and developed to give students the most relevant, up-to-date knowledge and skills. We want you to feel confident and prepared to take your first steps in a new direction—both personally and professionally.
