"To come and study here was one of the best decisions I have made in my life"

Tseeka TK, Facebook
Capture the best moment from the tip of your finger.

Photography has been around for a long time. A single photograph is known to convey thousands of words. Get into your creative mode and convey a message of your own.

Learn more about your digital camera’s setting so you know exactly how to up your photography game to take the photos you have always wanted to capture (golden light hour, anyone?)

Head out into the city to practice taking different types of photos from nature and urban cityscapes to portraits and product shots.

Get instant feedback from your instructor so you can immediately see where and how to improve a photo -- and practice more.

Dive into Adobe Lightroom to see how easy it is to manage your photos and feel confident to edit and retouched photos to make them look incredible and professionally edit.
Shoot a beautiful, meaningful shot with your own hand
Learn how to find the best lighting, angle and composition for your photo.

- Understand every feature and function of your DSLR camera.
- Enhance your photos even further through Adobe Lightroom
- Create professional photobooks and a stunning portfolio.

We believe your success is our success
Our instructors are industry experts who have a wide range of professional experience, and up-to-date knowledge of software and workplace practices.

Turn theory into knowledge as you learn to snap your imagination to life and embed a thousand words in a single photo. Our aim is to support your learning goals with hands-on industry training, career advice, and ongoing support and guidance.

Our classes are intentionally designed to be interactive and practical, so that you feel confident to share ideas as well as independently create your own designs.

You will receive additional resources such as class projects, worksheets, and online help, so you always feel supported and encouraged as you learn.

Our courses are constantly reevaluated and developed to give students the most relevant, up-to-date knowledge and skills. We want you to feel confident and prepared to take your first steps in a new direction—both personally and professionally.
## Course outline
